

## ALEXANDRIA AFFAIRS

FRIENDS OF GEORGE ROGERS  
FEAR HE WAS DROWNED.

Has Not Been Heard From Since Recent Storm Off Florida Coast—  
General News.

Special Correspondence of The Star.  
ALEXANDRIA, Va., November 1, 1906.  
Owing to the failure to obtain information concerning the safety of George R. Rogers of this city, who was known to be in grave peril during the recent hurricane off the coast of Florida, his friends and relatives in this city fear he was drowned. Mr. Rogers, who was a son of R. D. Rogers of this city, was with several other workmen in a boat when the storm came up. The boat was lost, and it is understood that several of the occupants were drowned. Some were rescued, but were unable to give an account of what happened to Mr. Rogers. He had many friends in this city.

**Fined for Gambling.**  
Eight young men who were rounded up last night in a room in a building on the northeast corner of King and Pitt streets on the charge of gambling were given a hearing before Justice Caton this morning in the police court. Chief Goods, who corroborated the charge, was the principal witness. He stated that he had been attracted to the apartment by voices which indicated that men were busy over a game on the interior. Gaining an entrance, he found difficulty in arresting the occupants of the room and took charge of some money he found on a table. At the station house, James Egan, A. Kinchloe, John Henderson, John Simmons, Milton Self, Harry Downs, P. Lawler and Frank Mason, Henderson and Mason were released, but a fine of \$5 each was imposed in the other cases.

**New Pearl for Laboring People.**  
Because Pearl Hawkins, a colored dandy, doesn't care to work more than two days in the week and because she has been adjudged a vag, she will have to serve out her term of sixty days in jail to which she was sentenced in the police court on the charge of vagrancy a short time ago, and after that is finished she will have to reside at the city's penal institution for thirty days. After Pearl had been in the penitentiary a few days a ray of hope glimmered in upon her in the form of an offer from a lady to give her steady employment as a servant if she would accept of it. She promised that she would reform and was readily obtained and she was given her liberty. But she had not been in the penitentiary when she enunciated the doctrine that two days of labor out of seven is enough for any hard-working person. The rest of the time, she officers discovered, she was putting in at her old haunts. She was accordingly re-arrested, and in the police court this morning Justice Caton, on above stated, sent her down for extra time.

**Brief Mention.**  
Funeral services over the remains of William C. Wolf, whose death occurred Monday, will take place this afternoon at 4 o'clock from his late residence, 1124 King street. Rev. J. A. Jeffries of Trinity M. E. Church will officiate, and the body will be placed in the Henderson vault.

Paying Depositors  
Hippie's Real Estate Trust  
Company Resumes.

Special Dispatch to The Star.  
PHILADELPHIA, November 1.—The Real Estate Trust Company, plunged into insolvency by Frank K. Hippie, its suicide president, on August 28 last, and lifted out of the hole and rehabilitated by George H. Earle, Jr., its receiver, aided by thousands of depositors, opened its doors this morning at 9 o'clock with enough funds on hand, it was stated, to meet any run that might be started. There were no unusual incidents in connection with the bank's resumption and orderly demands were met without delay. With the exception of Mr. Earle, who succeeds Hippie as president, the old directors and officers will manage the reopened institution. This is the first time in the financial history of the state that a wrecked bank has been made solvent in so short a time, and Mr. Earle's achievement is regarded as little short of miraculous.

There were over 6,000 depositors and stockholders, whose consent was required before the bank could be cleared from the receivership. The greatest inducement for the creditors to accept the terms offered was the willingness of the members of the board of directors to furnish \$2,500,000 out of their private fortunes for the rehabilitation of the concern.

Mr. Earle impressed all of the creditors with the folly of declining what he designated as a gift of \$2,500,000 to them, and so persistent was he in not allowing that sum to slip away from him and the depositors that he finally convinced one and all that his contention was right, and without a dissenting voice he obtained their support. This gave him the basis of figuring out the concern's liabilities, and he proposed to the depositors that they accept two-thirds of their claims in preferred stock and one-third in cash, so that he could go into court and have the bank discharged as receiver and throw open the doors of the institution once more for business.

On this basis the Real Estate Trust Company this morning resumed business, and from the sentiments now expressed by the depositors it is thought that few, if any, will withdraw their accounts.

## OPPOSE TWO-CENT RATE.

**Railroad Attorneys Appear Before Virginia Commission.**  
RICHMOND, Va., November 1.—Attorneys representing the Chesapeake and Ohio, Norfolk and Western, Chesapeake Western, Norfolk and Southern, Seaboard Air Line and Southern railway companies appeared before the Virginia state corporation commission today and filed answers opposing the two-cent rate submitted by the commission July 31, 1906, and presenting reasons why it should be enforced. The roads attempted to show that they could not afford any reduction in their rates, and that even if they could the commission has no authority to impose any new or modified rates.

## METHODIST BISHOPS MEET.

**Want to Spend \$1,500,000 for Missionary Work.**  
BUFFALO, N. Y., November 1.—Bishops of the Methodist Episcopal Church from all parts of the civilized world met here this morning with the ministers and laymen, constituting the general missionary committee of the church. The committee is made up of eighty members. One of the most important actions will be the appropriation of \$1,500,000 for missionary work.

The feature of the opening session was the report of the treasurer of the society, Dr. Homer Eaton of New York, which showed that the receipts of the missionary society for the year just ended amounted to \$1,495,859, an increase over the previous year of \$113,044. The disbursements of the year had left a balance in the treasury of \$19,444. In addition there had been received during the year specially designated objects, \$35,084.
